

# FAQ (MOST POPULAR QUESTIONS):

## Q: Why Eclat instead of other mainstream centres or home based tutors?

A:

1. **Specialist tutors and support team** who all **\*\*studied or taught in IP schools \*\***to match the student both in capability and rigor  
v.s Tutors who lack the domain expertise and have a mixed portfolio of students
2. Classes are **streamlined** and **cater purely to IP students** in terms of classroom management as well as **\*\*content or skills mastery \*\***  
v.s. Mixed classes with curriculum designed for national exams like N/O-levels
3. Turning **\*\*struggling IP students into confident learners \*\***  
v.s Most mainstream centres often assume IP students are academically strong and neglect to check their work/give additional attention
4. **Flexible makeup policy** due to specialization  
v.s. Lack of makeup slots as most centres only have 1-2 IP classes
5. Eclat has**\*\* over a decade of data and experience on IP students and curriculum\*\*** with a **strong support system**/afterschool consultation  
v.s Generic experience and questions from most centres, tutors switch off after class

## Q: With different IP schools sometimes having different syllabuses, or students with different speed, how do you plan to address this issue?

A:

1. **Split classes** based on content list (similar IP schools or individuals will be grouped together)
2. Small class size makes **consultation streamlined** and efficient
3. **Differentiated Instruction** within the classroom

**Q: I have very specific questions I wish to consult on, will that be too disruptive?**

**A:**

1. Students' questions will be **prioritized** and encouraged
2. Consultation is free and encouraged

**Q: Do lessons end right after their exams? Are there any headstart or revision classes available for Integrated Programme (IP) students?**

**A:**

1. Lessons run from **Jan to Late Nov** as the IP curriculum is demanding and steps have to be taken for the students to keep pace
2. Headstart or revision classes are available every **holiday** period

**Q: My child is struggling badly, will he/she be able to catch up if we join now?**

**A:**

1. Eclat is founded on **helping struggling IP students succeed**
2. Students will be placed in a class where they are **comfortable to speak up and consult**
3. A\*\* training timeline will be customized\*\* with appropriate **learning checkpoints**, updates and goal-setting

**Q: We prefer online classes, what are the details?**

**A:**

1. Google meet premium, materials will be sent by WhatsApp, answers to be submitted via CamScanner
2. Students are expected to respond to questions when prompted by the tutor

## **Q: What is your policy on homework?**

**A:**

1. Homework depends on the current workload of the student
2. Additional work is given on a case by case basis
3. **Past year IP papers are available (hard to find in mainstream centres)**

## **Q: My child needs double/triple sciences and double math, but has no time to attend so much tuition. What can I do?**

**A:**

1. **\*\*Hybrid training \*\***for Y3Y4 Math and Science is available in the centre
2. Each of our math and science classes covers 2 topics, A/E math or Physics/Chem
3. Tutor will sort the student into an appropriate class
